

LPP PRINATBLE SP. Z O.O., Ul. Magnacka 4, 80-180 Kowale

Model 77000

Intended use: High-visibility protective clothing, **VEST HI-VIS 77000**, is designed for works in which it is required to visually signal the user's presence during the day and at night with the lights of motor vehicles.

Composition: 100% polyester.

CE The product meets the requirements for personal protective equipment contained in the Regulation (EU) 2016/425, as well as the EN ISO 13688: 2013 standard. Protective clothing - general requirements.

EN ISO 20471: 2013 / A1: 2016 High Visibility Clothing.

Max: Y

X - visibility class

Y - maximum number of washing cycles

Working near moving vehicles or mechanical devices is associated with a high risk for the user. There are three visibility classes for high-visibility clothing, depending on the risk level.

1 – minimum level, vehicle speed below 30 km/h

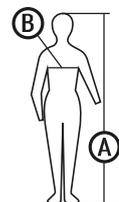

2 - intermediate level, vehicle speed below 60 km/h

3 - the highest level, vehicle speed over 60 km/h

Read the instructions for use before use

Size table

ROZMIAR	S/M	L/XL	XXL/XXXL
A - wzrost	170	180	188
B – obwód klatki piersiowej	93-105	106-113	114-130

Use: The clothing provides certain protection when fully buttoned. Check the condition of the clothing before use. Any damage, especially to the reflective tape, or heavy soiling can reduce the protective function. Replace the damaged clothing with a new one. High visibility is ensured for up to 25 washing cycles, then dispose of in accordance with local regulations in a given country.

Note: The specified maximum number of cleaning cycles is not the only factor affecting the service life of a product. The service life shall also depend on the conditions of use, storage conditions, etc.

Marking: Due to the requirement to provide the required visible surface, the maximum marking area of the fluorescent material is 180cm², the decoration cannot cover the reflective tape.

Maintenance: wash inside out to protect the reflective tape from damage.

Storage and transport. Store in a dry and ventilated room, away from heat and light sources. Transport in original packaging.
