INSTRUCTIONS FOR USE EN

LPP PRINTABLE SP. Z O.O., Ul. Magnacka 4, 80-180 Kowale

Model 77640P

Intended use: Clothing protecting against the cool environments, **MEN'S POLAR FLEECE GUARD 77640P**, is provides protection against cold in working conditions down to -5°C.

Composition: 100% polyester.

CE The product meets the requirements for personal protective equipment contained in the Regulation (EU) 2016/425, as well as the EN ISO 13688: 2013 standard. Protective clothing - general requirements.

EN 14058:2017 Protective clothing, garments for protection against cool environments

EN 14058:2017
X thermal resistance class
X air permeability class
X resulting effective thermal insulation
X waterproof

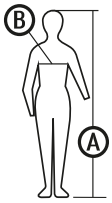

Note: X indicates that the product has not been tested

Clothing provides comfort down to -5°C. In terms of protection against cold, it is assumed that the user can assess the level of protection effectiveness himself/herself. The EN 14058:2017 standard distinguishes four classes of thermal resistance and three classes of air permeability. The higher the class, the greater the degree of protection against cooling down.

Read the instructions for use before use
